Hi Bill,

We have the GIS files and will share them with Kathleen Power, as you requested.

Please ask her to be on the lookout for an email from Supinderjit Kaur at EPA.

Thank you,

Stephanie

Hi Bill

We think we will be able to pass these along either later this week or early next week. The files are still being compiled.

Thanks

Angela

Hi Angela,

I just wanted to follow up with you regarding the GIS files. Did you have any luck with the contractor? If you can send them to Kate Power (she is in the email address), I would appreciate it. Thanks!

Bill

Hi Angela,

Yes, we are looking for 2018 FS GIS files. Thanks!

Bill

Hi Bill,

Other than a snow storm all is well up in Region 2! Yes, the shutdown has put many projects behind but we are doing what we can to get back on track. We are tracking down the files requested but I'm assuming that the FS to which you refer is the last one prepared in 2018?

I will let you know more when we hear back from Geosyntec/PRP group.

Hope all is well with you.

Angela

Subject: Rolling Knolls GIS files

Hi Angela,

I hope all is well with you and the shutdown didn't put you too far behind. We are reviewing the risk assessment and would like to get some of the GIS files. We need the files from the Geosyntec Consultants, 2018. Remedial Investigation Report, Rolling Knolls Landfill Superfund Site. January.

used to create:

- Figure 2-2
- Figure 2-4
- Figure 2-5
- Figure 2-6
- Figure 2-7
- Figure 3-5
- Figures 4-1a, b, c, and d
- Figure 4-2
- Figures 4-3a and b
- Figures 4-4 a and b
- Figure 6-1a

And from the **Feasibility Study report, Geosyntec Consultants, 2019. Feasibility Study Report, Rolling Knolls Landfill Superfund Site, Revised Draft. July.** The layers used to create:

- Figure 1-2
- Figure 5-2
- Figure 6-2
- Figure 6-3
- Figure 7-1

I appreciate any assistance you can provide. If you have any questions, please let me know.

Bill
